

SUSAN HARPER WELL OF ORIGIN

3-DAY MOVEMENT WORKSHOP

FEBRUARY 10-12, 2012

CHAPEL HILL, NC

WELL OF ORIGIN

In the dark of winter
this is a call to fall into
the well of origin, to
rest and sense into
deep silence,
listening into
the mystery
What rises?

A palpable
living presence
reveals new currents
and creative expression
blossoming into the
waking dream we call our life.

SUSAN HARPER

opens a context of awakening,
and courtship of the mystery.

The old stories tell us that each
person is born with a unique
medicine offering which
dwells in seed form, and
waits to be watered by
heartful attention, and
called forth by
genuine challenge
until it flowers in our world.

May you discover the heart gift
hidden within that is ready to be
awakened, recognized and blessed.

WHAT WE WILL DO?

EXPLORE MOVEMENT IN THE LANGUAGE OF LIFE

with micromovements, wave motion, primordial breaths and sounds. In long movement dives, we slow down, and open our attention into spacious silence.

EXPLORE OUR PLANETARY BODY

We explore the intelligent dynamics of the elements—water, air, fire, earth, and space—in our bodies; deepening our inherent connection to the wild breathing planetary body. With open perception we develop a capacity for fluid connected embodiment.

EXPLORE A DYNAMIC RANGE

Treat yourself to a luxurious time of musing, moving, meditating, feeling and dancing in a self-regulated process that is organismically wise and revelatory.

CONTEXT FOR YOUR SOUL

May you hear your root voice and dance with an uniqueness that is yours to articulate and contribute. May this be a context for soul discovery, where your heartfelt longings and genuine discoveries can be offered into our shared world.

SUSAN HARPER has been teaching and contributing to Continuum since 1975. She is the developer of Em'ceans and Sensations Trainings and with Hubert Godard co-developed Portals of Perceptions.
